

Connect attendees on a new level with Matchmaking Hub

With six ways to connect, attendees are sure to match with the right people, companies, sessions, and content. Jujama's matchmaking experience is based on similar interests, one-to-one matching, and intelligent suggestions. Schedule a call to learn how to enhance attendee connections for your event.

Enhanced Matchmaking Options

Conference organizers can select the matching options that are available to the audience. Attendees can match with other attendees, sponsors, exhibitors, sessions, documents, and videos. Matching is based on interests or direct criteria.

Upon login, users can complete their interest profile, which matches them to the content that is right for them.

Below are Attendees who have similar interests as yourself

Aerospace & Defense, Agriculture Business, Automotive

Leonor Berge
Executive Vice President
European Investment Bank
